Swirl Beads

1. Follow the instructions for the three color Swirl Beads from the Basic Swirl Tutorial available in the Freebie's at www.PolyClayPlay.com
For each bead cut two 5/16" circles from each color and combine them to make each swirl.
2. Make one bead each using white, silver and one of the rainbow colors of clay. When you have a bead swirled, press it flat on your work surface. Flatten it to about 1/8", the thickness of the largest setting on a pasta machine or slightly thicker. You will be making 6 different colored Swirl Beads.

Quick Gifts!

Make a bunch of sets of these fun glass charms to have on hand when you need a gift at the last minute.

The charms make a nice gift by themselves or attach them to a set of 6 glasses.

Join the club and learn a great way to package your charms.

3. Use a needle tool to make a hole in each bead.
4. Bake your beads following your clay package directions.
5. When they have cooled, varnish your beads (see Varnishing Poly Clay Play Style).
6. When the beads are dry, put a jump ring in each one.

7. String your beads on earring wires following this pattern or one of your own.
